

Horticultural gardener

fruit growing

that's what it's all about

Fundamentals

The training to become a gardener in fruit growing is a cool opportunity to experience nature directly and create something sustainable. You will learn to care for, plant, and harvest fruit trees – a truly fulfilling activity that immediately shows you what you've created. It's versatile and exciting: you constantly discover new things and develop your skills. You also help ensure many people can enjoy healthy, delicious fruits. If you love nature and enjoy working outdoors, fruit growing is your thing! Future-proof, with potential and the chance to positively shape the environment. So go ahead—start your journey into the world of fruit growing!
