

# 8<sup>TH</sup> European Workshop on Standardized Procedure for the Inspection of Sprayers in Europe – SPISE 8 -

## Closing session

*J. Kole, J.-P. Douzals, J. Wegener, H.  
Wehmann*

# CLOSING SESSION

## General conclusions

Closing session

- 1. Important to develop harmonized testing protocols for new techniques on machines in use***
- 2. We have a huge gap between the number of emerging technologies and the capacities for setting up the conditions in inspection, training, etc.***
- 3. Inspection of all PAE is use very important. Baseline for whole framework of effective application PPP's***
- 4. Sharing experiences and data from inspections towards users, decision makers important.***
- 5. Awareness for improving knowledge users about sprayers and calibrations stays important***

# CLOSING SESSION

## 2 – General conclusions

All (hopefully) ***PP presentations*** will be available in pdf ***in SPISE web site*** from the end of May

# CLOSING SESSION

## 3 – Recommendations of the workshop and closing

Closing session
